Dear Ms. Treadway,

TRC Solutions, Inc. has been retained by the City of Pittsburg to produce an EIR for the modernization and reactivation of an existing oil storage and transfer facility in the Pittsburg area of Contra Costa County. The project lies on the United States Geological Survey Honker Bay, CA quadrangle and is in an area that has no township and range information.

Please conduct a search of the Sacred Lands Inventory to determine if the project location lies within or near any identified Sacred Lands. Additionally, please forward a list of Native American tribes associated with these areas. Thank you for your time and help.

Respectfully,

A handwritten signature in blue ink that reads "Susan Underbrink".

Re: Proposed Oil Storage and Transfer Facility in the Pittsburg Area of Contra Costa, Contra Costa County.

Dear Ms. Underbrink:

A record search of the sacred land file has failed to indicate the presence of Native American cultural resources in the immediate project area. The absence of specific site information in the sacred lands file does not indicate the absence of cultural resources in any project area. Other sources of cultural resources should also be contacted for information regarding known and recorded sites.

Enclosed is a list of Native Americans individuals/organizations who may have knowledge of cultural resources in the project area. The Commission makes no recommendation or preference of a single individual, or group over another. This list should provide a starting place in locating areas of potential adverse impact within the proposed project area. I suggest you contact all of those indicated, if they cannot supply information, they might recommend others with specific knowledge. By contacting all those listed, your organization will be better able to respond to claims of failure to consult with the appropriate tribe or group. If a response has not been received within two weeks of notification, the Commission requests that you follow-up with a telephone call to ensure that the project information has been received.

If you receive notification of change of addresses and phone numbers from any of these individuals or groups, please notify me. With your assistance we are able to assure that our lists contain current information. If you have any questions or need additional information, please contact me at (916) 653-4038.

Sincerely,

Debbie Pitas-Treadway

Dear Mr. Galvan,

TRC Solutions, Inc. has been retained by the City of Pittsburg to produce an EIR for the modernization and reactivation of an existing oil storage and transfer facility in the Pittsburg area of Contra Costa County. The project lies on the United States Geological Survey Honker Bay, CA quadrangle and is in an area that has no township and range information.

TRC has conducted a literature search/review, in addition to a Sacred Lands Search with the Native American Heritage Commission. Pursuant to Section 101 of the National Historic Preservation Act, TRC is notifying Native American parties about the project and inquiring about any cultural sensitivity concerns you may have.

I would appreciate any input or concerns you may have about the project in writing so they may be addressed in a timely manner. If you have any questions or concerns regarding this project, please feel free to contact me at any time. Thank you for your time and help.

Respectfully,
